

# GPS Crop Science Limited IPO

GSP Crop Science IPO Price: ₹304 to ₹320 per share

IPO Dates: 16th March - 18th March 2026

## Company Overview

Incorporated in 1985, GSP Crop Science Limited is an agrochemical company engaged in manufacturing insecticides, herbicides, fungicides, and plant growth regulators.

The company provides crop protection solutions to help farmers improve productivity by offering both formulations and technicals for effective pest, weed, and disease control..

## Product Portfolio

The company offers a diverse portfolio of in-house manufactured agrochemicals, delivering crop protection solutions through the development, manufacturing, supply, and distribution of:

- **Formulations** – Active ingredients combined with additives used directly for crop protection.
- **Technicals** – Concentrated active ingredients used to manufacture final agrochemical products.

## Domestic Presence

The company has served customers across 20 states in India during:

- The six months ended September 30, 2025

- Fiscal years 2025, 2024, and 2023

## **International Presence**

GSP Crop Science Limited operates across 37 countries, including:

- Australia
- United States of America
- Uruguay
- Brazil
- Vietnam
- Singapore
- UAE

## **Registrations and Intellectual Property**

As of September 30, 2025, the company has received 524 registrations across formulations and technical agrochemical products.

The company's strong focus on innovation has resulted in:

- 102 patents granted
- 108 patent applications under process (as of March 10, 2026)

## **Research & Development**

The company actively invests in research and development to improve and develop new formulations and technical products.

Dedicated R&D facilities located in Kathwada and Odhav support:

- Product testing
- Commercialization
- Development of complex chemistries for the agrochemical market

## **Business Operations**

### **Formulations**

As of September 30, 2025, the company holds 395 registrations for formulations. These products contain active ingredients and additives, available in solid and liquid forms, and are marketed under the company's own brands or licenses.

## Technicals

The company has 129 registrations for technical products. These are concentrated active ingredients processed with other components to produce agrochemical products such as insecticides, herbicides, and fungicides.

## Workforce

As of September 30, 2025, the company employs 1,221 permanent employees.

## Competitive Strengths

- Diversified product portfolio including insecticides, herbicides, fungicides, and plant growth regulators.
- Large domestic and international customer base.
- Strong in-house R&D capabilities focused on innovation and product development.
- Robust manufacturing facilities capable of producing a wide range of agrochemical products with sustainability focus.
- Experienced promoters and professional management team guiding the company's growth.
